

## Motorsports & Countryman's Day

- 10:00am            Guests arrive and are welcomed with tea, coffee and home-made biscuits.
- 10.30am            Guests are briefed on the day's activities by a Director of A Day in the Country. Guests are split into six teams to take part in the six activities, three in the morning and three in the afternoon. All activities are scored and teams will spend an hour at each. The activities will include:

### **Rage Buggies**

These are large grass go-carts which use many of the same components as the Race Model R180T ensuring that however 'enthusiastic' the driver may get, the Rage will take whatever is thrown at it. At the heart of these go-carts is a robust Honda V-Twin engine, giving strong performance from its 620cc capacity. Guests do timed laps around our obstacle course and the team with the best time wins!

### **Clay Pigeon Shooting**

Shooting at different stands next to the lake. Light weight guns are provided for those that prefer to use them, our excellent instructors will make everyone a crack shot!

### **4x4 Land Rover Driving**

Guests have to negotiate our specially designed Jungle track in the woods with deep water splashes and steep hills. This is an exhilarating activity and will test your skill and driving knowledge to the maximum.

### **Air Pistol Shooting**

Guests are taught how to fire air pistols and our new air rifles at our specially designed target range in the woods.

### **Archery**

This is set in the 250 acre estate surrounded by woodland and life-size as well as moving targets are used. Guests can use traditional bow and arrows or our special cross bows.

### **Fly Fishing for Trout**

We have three beautiful trout lakes, one of which will have been specially stocked for your party. All trout caught are prepared by the instructors for guests to take home in an oven ready or barbeque condition.

1:30pm            Guests return to the barn for a buffet lunch for example:
