

Ceramic painting workshop

Team Size: Up to 40

Duration: 2-3 hours

Everyone gets to paint a ceramic either for themselves or a colleague - a great way to get your team talking and you get to take it home/back to work as a reminder of the day! The basic ceramic starts white and everyone is shown how to apply paints, stencils, stamps etc to help them get a good result. Your finished piece is then taken back to the studio to be fired and couriered back to you a week later. This type of workshop can be run with any ceramic shape, plates, bowls, vases etc. No previous artistic experience required – only your imagination.

Includes art tutors, all materials and full event management
