

Christmas Wreath Workshops

Team Size: Up to 20

Duration: 2 hours

Christmas wouldn't be Christmas without a workshop to make your own fresh door wreath. A couple of hours spent with colleagues, a few glasses of mulled wine and a beautiful wreath made by you to take home and put pride of place on your front door for the whole Christmas period and beyond.

Includes all instruction and materials to make a festive door wreath of seasonal foliage, berries, pine cones and herbs, finished off with a raffia bow or festive ribbon. There are also extras such as cinnamon sticks, orange slices, and sparkly baubles, for that special seasonal touch!

Team Skills:

- Bonding through a shared experience
- Creativity – plus a wreath to take home!
