

Design-a-Tshirt workshop

Team size: Up to 40

Duration: 1-2 hours

Design your own t-shirt to bring out the best in your team. Team ethos, qualities and values can all be brought to life in this workshop. It starts with sketching your ideas on A4 paper and then painting that image with special textile paints. The image is then printed onto a plain white t-shirt using a heat press.

Please note: it takes about an hour to print 20 t-shirts so, depending on your group size, why not enjoy tea or a drink whilst you wait to take them home. Alternatively they can be posted on once ready. No previous artistic experience required – only your imagination.

Includes art tutors, all materials and full event management

Team Skills:

- Bonding through a shared experience
- Creativity – plus chocolates to take home!
