

## It's a Knockout

**It's a Knockout is a fun packed event with teams competing in a number of inflatable games to become the overall champions of the day.**

### **LET THE GAMES BEGIN**

When all of the teams registered we will record the team names on our giant scoreboard and invite them into the arena for a short briefing on the day.

After a brief introduction we will line up the teams in front of the Roadshow tent, and then start the proceedings with a warm up round. Led by their captain the teams will dance around to the conga, remaining in their lines. After a minute or two of the song we will announce which team get the first points on the board for the best 'conga'.

Before each game we will ask the teams if they wish to play their 'Joker'.

Jokers can be played by the teams which will double their score in a particular game and points will be awarded for the best jokers of the day.

During each game a selected piece of music including jingles and samples will be played by our DJ to add to the party atmosphere.

From time to time before each game our compere may ask all of the teams into the arena for another bonus game to add more points to their score. These games could be building human pyramids, human letters or dancing to other comical songs.

### **GAME 1 ~ CRAZY CATERPILLARS**

Three teams will compete at a time by walking the course in our brightly coloured caterpillar tracks. Each team must jump out of the tracks and clamber across our inflatable course, but watch out for the cones as penalty points can come thick and fast for touching any of the obstacles !

### **GAME 2 ~ THE WET SPONGE RELAY**

The teams line up in single file with each member standing within a ring. As the whistle goes the first player takes a wet sponge from the bin and passes it to the player in front. As the sponges get passed from person to person along the line last payer must ring out the sponges into a clear tube. At the end of the 3 minutes the water will be measured and the team with the most water wins the points.

### **GAME 3 ~ CHICKEN RUN**

Three teams at a time line up at the starting line, with two players from each team wearing our giant chicken suits ! When the whistle goes the players must run down the course, clambering over our giant inflatable run through and then run back to the start and change suits with the next team member.

The game lasts for around 3 minutes as the team members go round and round until each member of the team has completed the course.

### **GAME 4 ~ OLYMPIC RINGS**

With three teams running at a time the first player must run to the line, put on a hula hoop and run to the inflatable. Once across they attempt to throw their Hula Hoop over the target and run back to the start. The game is a relay race and once all members of the team have run the course the stopwatch stops and the points are awarded accordingly.

### **GAME 5 ~ PONY HOP RACING**

A favourite with the teams as players must bounce their way down the course on our inflatable hoppers. The team that completes the course in the quickest times gets the points.

### **GAME 6 ~ THE SHOT PUT CHALLENGE**

With three teams running at a time the first player must climb through the tunnels, jump into the foam filled pool and find their teams coloured football. Once they've found the ball they must attempt to throw the ball through the target. The game is a relay race and once all members of the team have run the course the stopwatch stops and the points are awarded accordingly.

After all of the teams have completed the final games we will then add up the final scores and announce the winners of the day. There will then be a presentation with 1<sup>st</sup> & 2<sup>nd</sup> place medals and the wooden spoons to the lowest scoring team.

### **Package to include:**

A six-game "It's a Knockout" competition with up to 12 teams of ten players competing

- to include: Roadshow Tent & PA System
- Professional Host
- Time Keeper
- Arena Staff x 2
- All inflatables, games and props etc
- 1<sup>st</sup> & 2<sup>nd</sup> place medals and wooden spoons
